

BLUE STAR

A COOL TUNNEL TO BEAT THE HEAT

**Blue Star's Turbo Jet Cool,
a unique cooling solution for Commercial & Industrial Air Conditioning**

Brief construction details

Microprocessor controller with touch screen LCD display

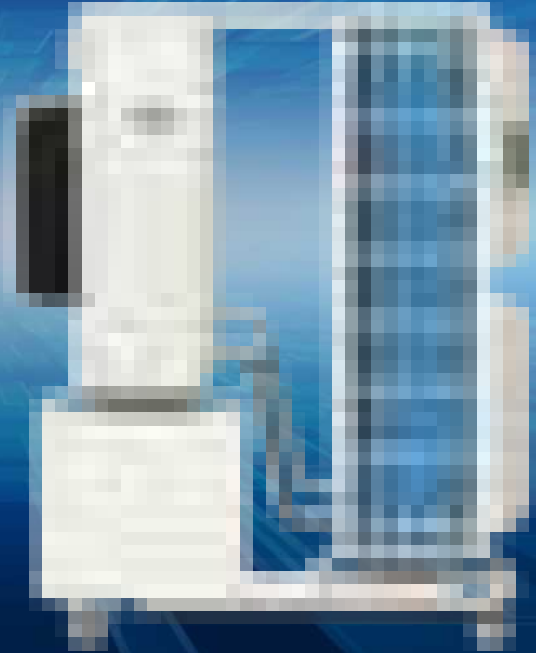

Controller for Air flow adjustment

Outdoor Unit

IDU to ODU Connecting Piping

Optional features

Air Deflectors for Outdoor unit

Trolley with caster wheels

Cooling Comfort

Presenting Blue Star's Portable Air Conditioning Unit for storages and warehouses with a superior air throw covering a wide range up to 45 meters and spot cooling function.

Highly flexible

It may be used as a portable device or it can be permanently installed at a location by installing separate indoor and outdoor units.

Long air throw up to 45 meters

Fixed and movable installation solution

Operates up to as high as 52°C Ambient

Gross capacity at 6.0 TR

Flexible installation as per a split system

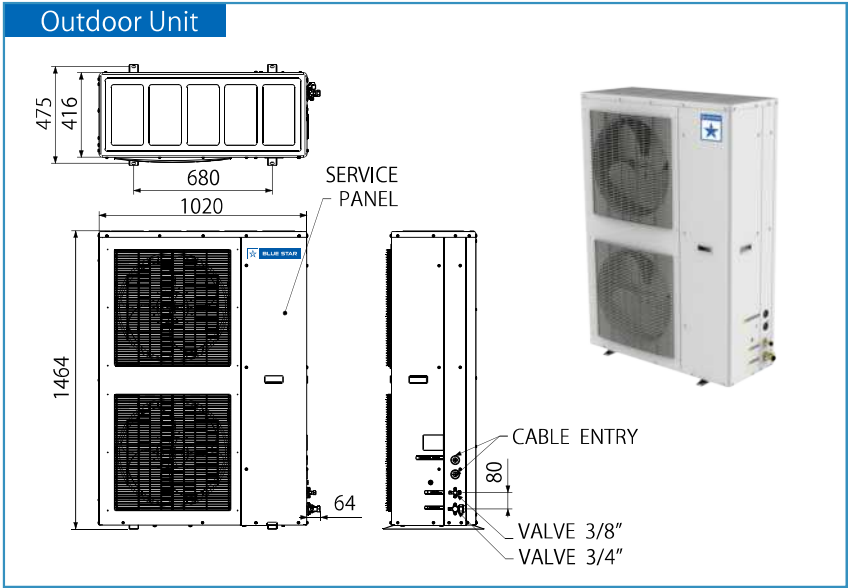

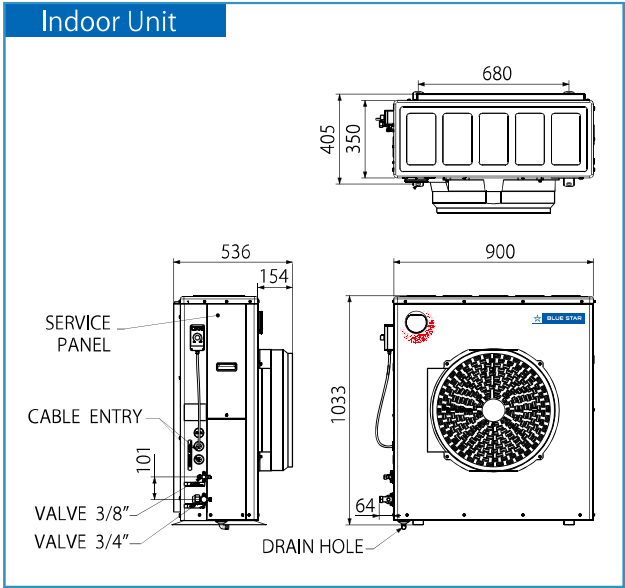

Cooling in operational areas/aisles

High energy efficiency of 12 EER

No ducting required

Turbojet Cool

- Movable for spot cooling area freely
- No piping works

Dimensions: 1705 (height), 1262 (width), 1171 (width).

Both controllers are installed on the indoor unit

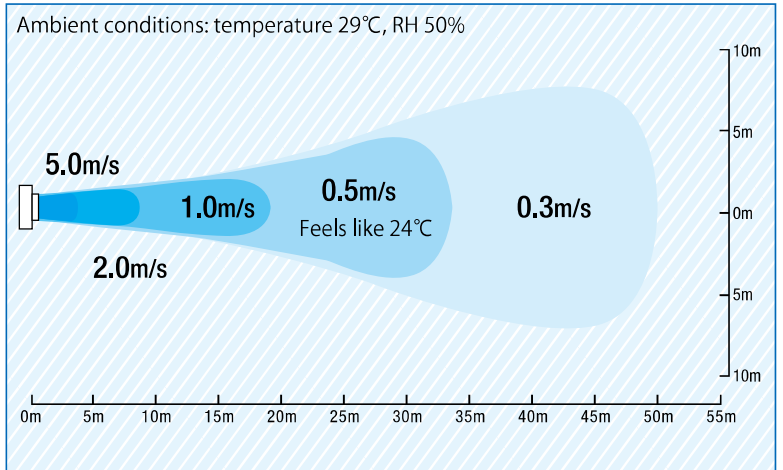

Wired remote controller

Stepless air volume controller

Dimensions: 1366 (height), 1705 (height), 1171 (width), 1067 (width), 1262 (width).

Product Name		Turbojet Cool
Model		BTJC-21R3A
Cooling Capacity (kW)		20.8
Power Consumption (kW)		5.7
Current (Amps)		9.0
Outdoor Unit	Model	BTJC-21R3A-O
	Power Supply	380-415V, 50Hz, 3N~
	Size (mm)	1464 (H), 1020 (W), 416 (D)
	Weight (kg)	136
Indoor Unit	Model	BTJC-21R3A-I
	Power Supply	220-240V, 50Hz, 1P~
	Size (mm)	1033 (H), 900 (W), 350 (D)
	Weight (kg)	58
Air Flow (m3/h)		2890~5620

Diagram of outlet air velocity distribution measured by E s Inc. in Japanese warehouse

Capability to cater a wide variety of application

Manufacturing assembly lines | Manufacturing in high ambient conditions | Warehouses | Service Workshops
Airport Galleries/Passages | Outdoor Gatherings
