Blue Star takes great pride in celebrating its long and successful journey of growing to become an industry leader synonymous with innovation, quality and world-class customer experiences, throughout several countries across the globe. Leveraging over eight decades of experience in building air conditioning and refrigeration solutions, Blue Star's commercial refrigeration offerings are spread across a variety of applications at hotels, hostels, schools and universities and eateries. Each world-class solution is designed for optimum preservation and storage of foods and produce, ensuring freshness for longer periods. Commercial refrigeration solutions include reach-in chillers and freezers, under counter chillers and freezers, modular cold rooms, multi-deck open chillers, island freezers, deep freezers and bottle coolers. Blue Star also offers the widest range of storage water coolers with different choices of purification, all tested for superior performance in high-ambient conditions. Apart from every product complying with high-quality ISO standards for hygiene and sanitation, Blue Star manufactures multiple models under each product category to suit the requirements of customers across the spectrum.

WORLD-CLASS MANUFACTURING

Blue Star's foray into manufacturing began in the 1940s from a small office in Forbes Street in Colaba, Mumbai. In the mid-1960s, we expanded our manufacturing base with a factory in Thane, Mumbai. Today, Blue Star operates world-class manufacturing facilities at Dadra, Himachal Pradesh, Wada and Ahmedabad. With modern, state-of-the-art manufacturing technologies and equipment adhering to global quality standards and manufacturing processes, we have been delivering products of consistent quality both in India and international markets. In all, we have a manufacturing footprint in excess of 1 lakh sq. mt. manufacturing over 300 models across 25 product lines.

Panel Punching Machine

DEEP FREEZERS

Blue Star's deep freezers are a great choice to keep the food super-fresh for a long time. Our best-in-class deep freezers are built with top-notch components and the latest technologies to operate in the sub-zero range with the capability to maintain temperatures as low as -25°C . To preserve both freshness and nutrition and allow you to have your favourite dishes at any time.

ENDURANCE TEST

Our deep freezers are tested to deliver non-stop cooling in extreme ambient conditions. Just the gaskets are tested for 100 hours. Doors are tested to run for one lakh cycles of opening and closing. All to ensure trouble-free performance.

STORAGE SOLUTIONS

We have solutions for applications that require various sizes and capacities and different needs. From hard-top deep freezers to bottle coolers that are economical, yet rugged and reliable. Ideal for general store provisions like dairy products and ready-to-cook frozen food packets.

DISPLAY-AND-STORE

We offer high quality glasstop freezers that show case products, create temperature value and also meet your aesthetic needs. While also offering a good balance between floor space and display.

HARD TOP DEEP FREEZER

Our compact hard-top deep freezer is ideal for residences and commercial spaces. They are certified with Star labelling, ensuring energy savings. Additionally, they come with unique features like Super Tropicalised, ensuring they perform even when it's 47°C outside and QuadraCool Technology, which cools uniformly from all sides. They are manufactured in our state-of-the-art facility in India, making them truly Indian at heart.

FEATURES

WIDE RANGE – ELEGANT CONTROL PANEL

Smart eye and Square design with LED light.

SUPER TROPICALISED

Designed to work even in 47°C ambient summer conditions.

QUADRACOOl TECHNOLOGY

Ensures even and optimum cooling from four sides.

COMPACT MACHINE

Ideal for small storage.

PLASTIC BASKETS

Long-lasting, corrosion-free, food-grade.

ROBUST CONSTRUCTION FOR LONG LIFE
